Distint

```
graph LR; A[planTripWindow::on _done_button_clicked] --> D[planTripWindow::showTotal Distint]; B[planTripWindow::on _planShortTrip_clicked] --> D; C[planTripWindow::on _startTrip_clicked] --> D; E[planTripWindow::on _startTripFormUIC_clicked] --> D;
```

The diagram illustrates a flow of control or data from four separate source boxes on the left to a single target box on the right. The source boxes are arranged vertically and contain text representing specific events or button clicks. Blue arrows originate from the right side of each source box and point towards the left side of the target box. The target box is shaded gray and contains the text 'planTripWindow::showTotal Distint'.
